This page provides details about the book's author, publisher, and publication date. It also contains a brief description of the book's contents and its significance in the field of Anglo Norman literature.

Anglo Norman Literature And Its Background

The Anglo Norman period is characterized by the union of Normandy and England in 1066, when William, Duke of Normandy, conquered the Kingdom of England. This event led to the creation of the Anglo Norman world, which lasted until the 12th century. During this period, literature in the Anglo Norman language flourished, and various forms of literature were produced, including romances, historical narratives, and hagiographies.

One of the most significant works of Anglo Norman literature is the "Voyage of St. Brendan," which is mentioned in the text. This text discusses the importance of this work and its impact on the development of literature in the Norman language.

The text also highlights the role of Anglo Norman literature in the development of later literature in the Norman language. It mentions the influence of this literature on the evolution of the language and the development of new literary forms.

The text concludes by noting the importance of the Anglo Norman period in the history of literature and its lasting impact on the development of language and culture.

In summary, the text provides a comprehensive overview of the Anglo Norman literature and its impact on the development of literature in the Norman language. It highlights the importance of this period in the history of literature and its contribution to the development of the Norman language.
