Key Answer Of Economic Development

In the eyes of Jeff Finkle, who has been President and CEO of the International Economic Development Council for many years, "economic development is about creating places where people want to invest, work and live. It's about making connections between people, companies, institutions, and communities."

Economic Development: Meaning, Strategies and Trends

Economic development is a part of community development. A good economic development program begins with an analysis of local resources, both human and material. No two communities start development programs from the same place, simply because every community's resources are different. One might have higher job skill levels.
