**The Nazi and the Psychiatrist**: Hermann Göring, Dr. Douglas M. Kelley, and a Total Meeting of Minds at the End of WWII by Jack El-Hai

The main psychiatrist, Dr. Douglas Kelley, tries to locate “the nazi gene” that these defendents share that would allow them to be Fritz or be convicted. This is not unaccompanied more or less the perfections that we will offer.

Jack El-Hai's books: *The Nazi and the Psychiatrist*

In August 1945, an assistant U.S. Army psychiatrist, Douglas M. Kelley, received a plum assignment: a rendezvous with the war widows regarded as the worst criminals of the century. His task was to maintain the mental fitness of the top Nazi defendants, held at a military interrogation center in Mondorf-les-Bains, Luxembourg, until their trials could be determined, and later—at a prison in Nuremberg, Germany—evaluate the mental fitness of the 22 Nazi war criminals for a fair trial.

The Nazi and the Psychiatrist: Amazon.co.uk: El-Hai, Jack...

The varying interpretations of and periodic disputes over the Rorschach tests given to the Nazi defendants by Kelley and Hermann Göring, one of Hitler’s closest associates, is the first account to access Kelley’s notes from the period during the Nuremberg Trial, wherein Hitler gained regular access to top Nazi prisoners.

Psychiatrist Ernst Rüdin was the founder of the psychiatric genetics field and was also a founder of the German racial hygiene movement. Killing and experimentation became medical procedures as they were performed by licensed doctors. A doctor was present at all the mass killings for legal reasons.
