Electronic Arts Business Analyst Jobs | Glassdoor

But, a business analyst focuses on the “what”. They try to understand what needs to be done, and the “why” behind it. One of the hardest things about moving from a developer to a business analyst is changing your thinking from thinking about “how” something can be done to “what” needs to be done. This takes time and experience.

Ultimate Guide to Becoming a Business Analyst - Database Star

A Guide to the Business Analysis Body of Knowledge(R) (BABOK(R) Guide) is the only globally recognized standard of practice for business analysis.

Developed through a rigorous consensus-driven standards process, the BABOK(R) Guide incorporates the collective wisdom and experience of experts in the field from around the world.

A business analyst should define the ultimate vision of what the project should look like early on, effectively limiting the scope of development. A precisely defined project scope will help the team prioritize features in order to deliver a minimum viable product as early as possible instead of spending time on secondary and nice-to-have features.
