# 4 2 Writing Equations In Point Slope Form

If you ally craving such a referred **4 2 writing equations in point slope form** books that will find the money for you worth, get the entirely best seller from us currently from several preferred

# Read Free 4 2 Writing Equations In Point Slope

authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are as well as launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections 4 2 writing equations in point slope form that we will enormously offer. It is not concerning the costs.

# Read Free 4 2 Writing Equations In Point Slope

It's virtually what you dependence currently. This 4 2 writing equations in point slope form, as one of the most in force sellers here will no question be in the middle of the best options to review.

The free Kindle books here can be borrowed for 14 days and then will be automatically returned to the owner at that time.

## **4 2 Writing Equations In**

Let's look at some examples of writing algebraic equations.

Example 1: Write each sentence as an algebraic equation.

Sentence: Algebraic

Equation: A number increased by nine is fifteen.  $y + 9 = 15$ :

Twice a number is eighteen.  $2n = 18$ :

Four less than a number is twenty.  $x - 4$

4. If  $\frac{1}{2}$  is a root of the quadratic equation  $x^2 - mx - \frac{5}{4} = 0$ , then value of  $m$  is: (a) 2 (b) -2 (c) -3 (d) 3. Answer: (b) -2. Explanation:

Given  $x = \frac{1}{2}$  as root of equation  $x^2 - mx - \frac{5}{4} = 0$ .

$$\left(\frac{1}{2}\right)^2 - m\left(\frac{1}{2}\right) - \frac{5}{4} = 0.$$

$$\frac{1}{4} - \frac{m}{2} - \frac{5}{4} = 0. \quad m = -2.$$
