Mind | Oxford Academic
Philosophy of mind is a branch of philosophy that studies the ontology and nature of the mind and its relationship with the body. The mind-body problem is a paradigmatic issue in philosophy of mind, although a number of other issues are addressed, such as the hard problem of consciousness and the nature of particular mental states. Aspects of the mind that are studied include mental events ...

"There never was such a goose. Bob said he didn't believe there ever was such a goose cooked. Its tenderness and flavour, size and cheapness, were the themes of universal admiration. Eked out by apple-sauce and mashed potatoes, it was a sufficient dinner for the whole family; indeed, as Mrs Cratchit said with great delight (surveying one small atom of bone upon the dish), they hadn't ate ...
