### Project Japan. Metabolism Talks... by Rem Koolhaas

Between 2005 and 2011, architect Rem Koolhaas and curator Hans Ulrich Obrist interviewed the surviving members of Metabolism—the first non-western avant-garde, launched in Tokyo in 1960, in the midst of Japan’s postwar miracle. Project Japan features hundreds of never-before-seen images—master plans from Manchuria to Tokyo, intimate snapshots of the Metabolists at work and play, architectural models, magazine excerpts, and astonishing sci-fi urban visions—telling the 20th century ...

### Project Japan: Metabolism Talks - Harvard Graduate School ...

This is a new architecture for postwar Japan. Once there was a nation that went to war, but after they conquered a continent their own country was destroyed by atom bombs...then the victors imposed democracy on the vanquished. For a group of apprentice architects, artists, and designers, led by a visionary, the dire situation of their country was not an obstacle but an inspiration to plan and ...
